

School Entry Requirements

Beginning with the **2017-2018** school year, new students entering PreK or Kindergarten and ANY student entering **grade 2 & grade 7** are required to show proof of a **Dental and Health Check/comprehensive health examination** prior to entry into school.

Parents/Guardians of current grade 6th and 11th students:

This is to remind you that your **7th grade student** will not be able to enter school in the fall unless he/she has proof of **Tdap** given after the age of 12 and a **Meningitis vaccine**. Also, **12th grade students** are required to have a **Meningitis vaccine** after the age of 16 years. Thank you for your attention to this important matter.
